

Enterasys K-Series

K-POE-4BAY PoE Shelf

Hardware Installation Guide

Electrical Hazard: Only qualified personnel should perform installation procedures.

Riesgo Electrico: Solamente personal calificado debe realizar procedimientos de instalacion.

Elektrischer Gefahrenhinweis: Installationen sollten nur durch ausgebildetes und qualifiziertes Personal vorgenommen werden.

Notice

Enterasys Networks reserves the right to make changes in specifications and other information contained in this document and its web site without prior notice. The reader should in all cases consult Enterasys Networks to determine whether any such changes have been made.

The hardware, firmware, or software described in this document is subject to change without notice.

IN NO EVENT SHALL ENTERASYS NETWORKS BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING BUT NOT LIMITED TO LOST PROFITS) ARISING OUT OF OR RELATED TO THIS DOCUMENT, WEB SITE, OR THE INFORMATION CONTAINED IN THEM, EVEN IF ENTERASYS NETWORKS HAS BEEN ADVISED OF, KNEW OF, OR SHOULD HAVE KNOWN OF, THE POSSIBILITY OF SUCH DAMAGES.

Regulatory Compliance Information

Federal Communications Commission (FCC) Notice

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a class A digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment uses, generates, and can radiate radio frequency energy and if not installed in accordance with the operator's manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause interference in which case the user will be required to correct the interference at his own expense.

WARNING: Changes or modifications made to this device which are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Industry Canada Notice

This digital apparatus does not exceed the class A limits for radio noise emissions from digital apparatus set out in the Radio Interference Regulations of the Canadian Department of Communications.

Le présent appareil numérique n'émet pas de bruits radioélectriques dépassant les limites applicables aux appareils numériques de la class A prescrites dans le Règlement sur le brouillage radioélectrique édicté par le ministère des Communications du Canada.

Class A ITE Notice

WARNING: This is a Class A product. In a domestic environment this product may cause radio interference in which case the user may be required to take adequate measures.

Clase A. Aviso de ITE

ADVERTENCIA: Este es un producto de Clase A. En un ambiente doméstico este producto puede causar interferencia de radio en cuyo caso puede ser requerido tomar medidas adecuadas.

Klasse A ITE Anmerkung

WARNHINWEIS: Dieses Produkt zählt zur Klasse A (Industriebereich). In Wohnbereichen kann es hierdurch zu Funkstörungen kommen, daher sollten angemessene Vorkehrungen zum Schutz getroffen werden.

VCCI Notice

This is a class A product based on the standard of the Voluntary Control Council for Interference by Information Technology Equipment (VCCI). If this equipment is used in a domestic environment, radio disturbance may arise. When such trouble occurs, the user may be required to take corrective actions.

この装置は、情報処理装置等電波障害自主規制協議会（VCCI）の基準に基づくクラスA情報技術装置です。この装置を家庭環境で使用すると電波妨害を引き起こすことがあります。この場合には使用者が適切な対策を講ずるよう要求されることがあります。

BSMI EMC Statement — Taiwan

This is a class A product. In a domestic environment this product may cause radio interference in which case the user may be required to take adequate measures.

警告使用者：

這是甲類的資訊產品，在居住的環境中使用時，可能會造成射頻干擾，在這種情況下，使用者會被要求採取某些適當的對策。

AS/NZS CISPR 22

Hazardous Substances

This product complies with the requirements of European Directive, 2002/95/EC, Restriction of Hazardous Substances (RoHS) in Electrical and Electronic Equipment.

European Waste Electrical and Electronic Equipment (WEEE) Notice

In accordance with Directive 2002/96/EC of the European Parliament on waste electrical and electronic equipment (WEEE):

1. The symbol above indicates that separate collection of electrical and electronic equipment is required and that this product was placed on the European market after August 13, 2005, the date of enforcement for Directive 2002/96/EC.
2. When this product has reached the end of its serviceable life, it cannot be disposed of as unsorted municipal waste. It must be collected and treated separately.
3. It has been determined by the European Parliament that there are potential negative effects on the environment and human health as a result of the presence of hazardous substances in electrical and electronic equipment.
4. It is the users' responsibility to utilize the available collection system to ensure WEEE is properly treated.

For information about the available collection system, please go to www.enterasys.com/support/ or contact Enterasys Customer Support at 353 61 705586 (Ireland).

Battery Notice

This product contains a battery used to maintain product information. If the battery should need replacement it must be replaced by Service Personnel. Please contact Technical Support for assistance.

Caution: There is an explosion risk if you replace the battery with the incorrect type. Dispose of expended battery in accordance with local disposal regulations.

Precaución: Hay riesgo de explosión si la batería se reemplaza con el tipo incorrecto. Deshágase de las baterías gastadas de conformidad con las regulaciones de eliminación local.

○： 表示该有毒有害物质在该部件所有均质材料中的含量均在 SJ/T 11363-2006 标准规定的限量要求以下。
Indicates that the concentration of the hazardous substance in all homogeneous materials in the parts is below the relevant threshold of the SJ/T 11363-2006 standard.

×： 表示该有毒有害物质至少在该部件的某一均质材料中的含量超出SJ/T 11363-2006 标准规定的限量要求。
Indicates that the concentration of the hazardous substance of at least one of all homogeneous materials in the parts is above the relevant threshold of the SJ/T 11363-2006 standard.

对销售之日的所售产品, 本表显示,
凯创供应链的电子信息技术产品可能包含这些物质。注意: 在所售产品中可能会也可能不会含有所有列出的部件。
This table shows where these substances may be found in the supply chain of Enterasys' electronic information products, as of the date of sale of the enclosed product. Note that some of the component types listed above may or may not be a part of the enclosed product.

除非另外特别的标注, 此标志为针对所涉及产品的环保使用期标志。某些零部件会有一个不同的环保使用期(例如, 电池单元模块)贴在其产品上。
此环保使用期限只适用于产品是在产品手册中所规定的条件下工作。
The Environmentally Friendly Use Period (EFUP) for all enclosed products and their parts are per the symbol shown here, unless otherwise marked. Certain parts may have a different EFUP (for example, battery modules) and so are marked to reflect such. The Environmentally Friendly Use Period is valid only when the product is operated under the conditions defined in the product manual.

Safety Information

Class 1 Laser Transceivers

The single mode interface modules use Class 1 laser transceivers.
Read the following safety information before installing or operating these modules.

The Class 1 laser transceivers use an optical feedback loop to maintain Class 1 operation limits. This control loop eliminates the need for maintenance checks or adjustments. The output is factory set, and does not allow any user adjustment. Class 1 Laser transceivers comply with the following safety standards:

- 21 CFR 1040.10 and 1040.11 U.S. Department of Health and Human Services (FDA).
- IEC Publication 825 (International Electrotechnical Commission).
- CENELEC EN 60825 (European Committee for Electrotechnical Standardization).

When operating within their performance limitations, laser transceiver output meets the Class 1 accessible emission limit of all three standards. Class 1 levels of laser radiation are not considered hazardous.

When the connector is in place, all laser radiation remains within the fiber. The maximum amount of radiant power exiting the fiber (under normal conditions) is -12.6 dBm or 55×10^{-6} watts.

Removing the optical connector from the transceiver allows laser radiation to emit directly from the optical port. The maximum radiance from the optical port (under worst case conditions) is 0.8 W cm^{-2} or $8 \times 10^3 \text{ W m}^{-2} \text{ sr}^{-1}$.

Do not use optical instruments to view the laser output. The use of optical instruments to view laser output increases eye hazard. When viewing the output optical port, power must be removed from the network adapter.

Safety Compliance

Warning: Fiber Optic Port Safety

**CLASS I
LASER DEVICE**

When using a fiber optic media expansion module, never look at the transmit laser while it is powered on. Also, never look directly at the fiber TX port and fiber cable ends when they are powered on.

Avertissement: Ports pour fibres optiques - sécurité sur le plan optique

**DISPOSITIF LASER
DE CLASSE I**

Ne regardez jamais le laser tant qu'il est sous tension. Ne regardez jamais directement le port TX (Transmission) à fibres optiques et les embouts de câbles à fibres optiques tant qu'ils sont sous tension.

Warnhinweis: Faseroptikanschlüsse - Optische Sicherheit

**LASERGERÄT
DER KLASSE I**

Niemals ein Übertragungslaser betrachten, während dieses eingeschaltet ist. Niemals direkt auf den Faser-TX-Anschluß und auf die Faserkabelenden schauen, während diese eingeschaltet sind.

Equipment Type/Environment: **Information Technology Equipment, for use in a Commercial or Light Industrial Environment.**

Enterasys Networks, Inc. declares that the equipment packaged with this notice conforms to the above directives.

Enterasys Networks, Inc. Firmware License Agreement

BEFORE OPENING OR UTILIZING THE ENCLOSED PRODUCT, CAREFULLY READ THIS LICENSE AGREEMENT.

This document is an agreement ("Agreement") between the end user ("You") and Enterasys Networks, Inc., on behalf of itself and its Affiliates (as hereinafter defined) ("Enterasys") that sets forth Your rights and obligations with respect to the Enterasys software program/firmware (including any accompanying documentation, hardware or media) ("Program") in the package and prevails over any additional, conflicting or inconsistent terms and conditions appearing on any purchase order or other document submitted by You. "Affiliate" means any person, partnership, corporation, limited liability company, other form of enterprise that directly or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with the party specified. This Agreement constitutes the entire understanding between the parties, with respect to the subject matter of this Agreement. The Program may be contained in firmware, chips or other media.

BY INSTALLING OR OTHERWISE USING THE PROGRAM, YOU REPRESENT THAT YOU ARE AUTHORIZED TO ACCEPT THESE TERMS ON BEHALF OF THE END USER (IF THE END USER IS AN ENTITY ON WHOSE BEHALF YOU ARE AUTHORIZED TO ACT, "YOU" AND "YOUR" SHALL BE DEEMED TO REFER TO SUCH ENTITY) AND THAT YOU AGREE THAT YOU ARE BOUND BY THE TERMS OF THIS AGREEMENT, WHICH INCLUDES, AMONG OTHER PROVISIONS, THE LICENSE, THE DISCLAIMER OF WARRANTY AND THE LIMITATION OF LIABILITY. IF YOU DO NOT AGREE TO THE TERMS OF THIS AGREEMENT OR ARE NOT AUTHORIZED TO ENTER INTO THIS AGREEMENT, ENTERASYS IS UNWILLING TO LICENSE THE PROGRAM TO YOU AND YOU AGREE TO RETURN THE UNOPENED PRODUCT TO ENTERASYS OR YOUR DEALER, IF ANY, WITHIN TEN (10) DAYS FOLLOWING THE DATE OF RECEIPT FOR A FULL REFUND.

IF YOU HAVE ANY QUESTIONS ABOUT THIS AGREEMENT, CONTACT ENTERASYS NETWORKS, LEGAL DEPARTMENT AT (978) 684-1000.

You and Enterasys agree as follows:

1. **LICENSE.** You have the non-exclusive and non-transferable right to use only the one (1) copy of the Program provided in this package subject to the terms and conditions of this Agreement.
2. **RESTRICTIONS.** Except as otherwise authorized in writing by Enterasys, You may not, nor may You permit any third party to:
 - (a) Reverse engineer, decompile, disassemble or modify the Program, in whole or in part, including for reasons of error correction or interoperability, except to the extent expressly permitted by applicable law and to the extent the parties shall not be permitted by that applicable law, such rights are expressly excluded. Information necessary to achieve interoperability or correct errors is available from Enterasys upon request and upon payment of Enterasys' applicable fee.
 - (b) Incorporate the Program in whole or in part, in any other product or create derivative works based on the Program, in whole or in part.
 - (c) Publish, disclose, copy reproduce or transmit the Program, in whole or in part.
 - (d) Assign, sell, license, sublicense, rent, lease, encumber by way of security interest, pledge or otherwise transfer the Program, in whole or in part.
 - (e) Remove any copyright, trademark, proprietary rights, disclaimer or warning notice included on or embedded in any part of the Program.
3. **APPLICABLE LAW.** This Agreement shall be interpreted and governed under the laws and in the state and federal courts of the Commonwealth of Massachusetts without regard to its conflicts of laws provisions. You accept the personal jurisdiction and venue of the Commonwealth of Massachusetts courts. None of the 1980 United Nations Convention on the Limitation Period in the International Sale of Goods, and the Uniform Computer Information Transactions Act shall apply to this Agreement.
4. **EXPORT RESTRICTIONS.** You understand that Enterasys and its Affiliates are subject to regulation by agencies of the U.S. Government, including the U.S. Department of Commerce, which prohibit export or diversion of certain technical products to certain countries, unless a license to export the product is obtained from the U.S. Government or an exception from obtaining such license may be relied upon by the exporting party.

If the Program is exported from the United States pursuant to the License Exception CIV under the U.S. Export Administration Regulations, You agree that You are a civil end user of the Program and agree that You will use the Program for civil end uses only and not for military purposes.

If the Program is exported from the United States pursuant to the License Exception TSR under the U.S. Export Administration Regulations, in addition to the restriction on transfer set forth in Section 1 or 2 of this Agreement, You agree not to (i) reexport or release the Program, the source code for the Program or technology to a national of a country in Country Groups D:1 or E:2 (Albania, Armenia, Azerbaijan, Belarus, Cambodia, Cuba, Georgia, Iraq, Kazakhstan, Laos, Libya, Macau, Moldova, Mongolia, North Korea, the People's Republic of China, Russia, Tajikistan, Turkmenistan, Ukraine, Uzbekistan,

Vietnam, or such other countries as may be designated by the United States Government), (ii) export to Country Groups D:1 or E:2 (as defined herein) the direct product of the Program or the technology, if such foreign produced direct product is subject to national security controls as identified on the U.S. Commerce Control List, or (iii) if the direct product of the technology is a complete plant or any major component of a plant, export to Country Groups D:1 or E:2 the direct product of the plant or a major component thereof, if such foreign produced direct product is subject to national security controls as identified on the U.S. Commerce Control List or is subject to State Department controls under the U.S. Munitions List.

5. **UNITED STATES GOVERNMENT RESTRICTED RIGHTS.** The enclosed Program (i) was developed solely at private expense; (ii) contains "restricted computer software" submitted with restricted rights in accordance with section 52.227-19 (a) through (d) of the Commercial Computer Software-Restricted Rights Clause and its successors, and (iii) in all respects is proprietary data belonging to Enterasys and/or its suppliers. For Department of Defense units, the Program is considered commercial computer software in accordance with DFARS section 227.7202-3 and its successors, and use, duplication, or disclosure by the U.S. Government is subject to restrictions set forth herein.

6. **DISCLAIMER OF WARRANTY.** EXCEPT FOR THOSE WARRANTIES EXPRESSLY PROVIDED TO YOU IN WRITING BY ENTERASYS, ENTERASYS DISCLAIMS ALL WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT WITH RESPECT TO THE PROGRAM. IF IMPLIED WARRANTIES MAY NOT BE DISCLAIMED BY APPLICABLE LAW, THEN ANY IMPLIED WARRANTIES ARE LIMITED IN DURATION TO THIRTY (30) DAYS AFTER DELIVERY OF THE PROGRAM TO YOU.

7. **LIMITATION OF LIABILITY.** IN NO EVENT SHALL ENTERASYS OR ITS SUPPLIERS BE LIABLE FOR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS, PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR RELIANCE DAMAGES, OR OTHER LOSS) ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM, EVEN IF ENTERASYS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS FOREGOING LIMITATION SHALL APPLY REGARDLESS OF THE CAUSE OF ACTION UNDER WHICH DAMAGES ARE SOUGHT.

THE CUMULATIVE LIABILITY OF ENTERASYS TO YOU FOR ALL CLAIMS RELATING TO THE PROGRAM, IN CONTRACT, TORT OR OTHERWISE, SHALL NOT EXCEED THE TOTAL AMOUNT OF FEES PAID TO ENTERASYS BY YOU FOR THE RIGHTS GRANTED HEREIN.

8. **AUDIT RIGHTS.** You hereby acknowledge that the intellectual property rights associated with the Program are of critical value to Enterasys, and, accordingly, You hereby agree to maintain complete books, records and accounts showing (i) license fees due and paid, and (ii) the use, copying and deployment of the Program. You also grant to Enterasys and its authorized representatives, upon reasonable notice, the right to audit and examine during Your normal business hours, Your books, records, accounts and hardware devices upon which the Program may be deployed to verify compliance with this Agreement, including the verification of the license fees due and paid Enterasys and the use, copying and deployment of the Program. Enterasys' right of examination shall be exercised reasonably, in good faith and in a manner calculated to not unreasonably interfere with Your business. In the event such audit discovers non-compliance with this Agreement, including copies of the Program made, used or deployed in breach of this Agreement, You shall promptly pay to Enterasys the appropriate license fees. Enterasys reserves the right, to be exercised in its sole discretion and without prior notice, to terminate this license, effective immediately, for failure to comply with this Agreement. Upon any such termination, You shall immediately cease all use of the Program and shall return to Enterasys the Program and all copies of the Program.

9. **OWNERSHIP.** This is a license agreement and not an agreement for sale. You acknowledge and agree that the Program constitutes trade secrets and/or copyrighted material of Enterasys and/or its suppliers. You agree to implement reasonable security measures to protect such trade secrets and copyrighted material. All right, title and interest in and to the Program shall remain with Enterasys and/or its suppliers. All rights not specifically granted to You shall be reserved to Enterasys.

10. **ENFORCEMENT.** You acknowledge and agree that any breach of Sections 2, 4, or 9 of this Agreement by You may cause Enterasys irreparable damage for which recovery of money damages would be inadequate, and that Enterasys may be entitled to seek timely injunctive relief to protect Enterasys' rights under this Agreement in addition to any and all remedies available at law.

11. **ASSIGNMENT.** You may not assign, transfer or sublicense this Agreement or any of Your rights or obligations under this Agreement, except that You may assign this Agreement to any person or entity which acquires substantially all of Your stock assets. Enterasys may assign this Agreement in its sole discretion. This Agreement shall be binding upon and inure to the benefit of the parties, their legal representatives, permitted transferees, successors and assigns as permitted by this Agreement. Any attempted assignment, transfer or sublicense in violation of the terms of this Agreement shall be void and a breach of this Agreement.

12. **WAIVER.** A waiver by Enterasys of a breach of any of the terms and conditions of this Agreement must be in writing and will not be construed as a waiver of any subsequent breach of such term or condition. Enterasys' failure to enforce a term upon Your breach of such term shall not be construed as a waiver of Your breach or prevent enforcement on any other occasion.

13. **SEVERABILITY.** In the event any provision of this Agreement is found to be invalid, illegal or unenforceable, the validity, legality and enforceability of any of the remaining provisions shall not in any way be affected or impaired thereby, and that provision shall be reformed, construed and enforced to the maximum extent permissible. Any such invalidity, illegality, or unenforceability in any jurisdiction shall not invalidate or render illegal or unenforceable such provision in any other jurisdiction.

14. **TERMINATION.** Enterasys may terminate this Agreement immediately upon Your breach of any of the terms and conditions of this Agreement. Upon any such termination, You shall immediately cease all use of the Program and shall return to Enterasys the Program and all copies of the Program.

About This Guide

This guide explains how to install a K-POE-4BAY PoE shelf for use with a K10 or K6 chassis. This guide also provides information on how to contact Enterasys Networks for additional help.

Who Should Use This Guide

Electrical Hazard: Only qualified personnel should install or service this unit.

Riesgo Electrico: Nada mas personal capacitado debe de instalar o darle servicio a esta unida.

Elektrischer Gefahrenhinweis: Installationen oder Servicearbeiten sollten nur durch ausgebildetes und qualifiziertes Personal vorgenommen werden.

This guide is intended for a network administrator who is responsible for installing and setting up the K-Series K-POE-4BAY PoE shelf.

How to Use This Guide

Read through this guide completely before installing a K-POE-4BAY PoE shelf.

Getting Help

For additional support related to the K-Series hardware or this document, contact Enterasys Networks using one of the following methods:

World Wide Web	http://www.enterasys.com/support
Phone	<p>1-800-872-8440 (toll-free in U.S. and Canada) or 1-978-684-1000</p> <p>For the Enterasys Networks Support toll-free number in your country: http://www.enterasys.com/support</p>
Email	<p>support@enterasys.com</p> <p>To expedite your message, please type [K-Series] in the subject line.</p>

Before contacting Enterasys Networks for technical support, have the following data ready:

- Your Enterasys Networks service contract number
- A description of the failure
- A description of any action(s) already taken to resolve the problem (for example, changing mode switches or rebooting the unit)
- The serial and revision numbers of all involved Enterasys Networks products in the network
- A description of your network environment (such as layout, cable type, other relevant environmental information)

- Network load and frame size at the time of trouble (if known)
- The device history (for example, if you have returned the device before, or if this is a recurring problem)
- Any previous Return Material Authorization (RMA) numbers

Registering Your Product

Be sure to register your K-POE-4BAY PoE shelf for warranty support at:

www.enterasys.com/support/register-your-product.aspx

Registering your K-POE-4BAY PoE shelf is an important part of the warranty process. Registering tells Enterasys that the warranty or maintenance agreement is active, as well as other important information that ensures Enterasys can provide support in a fast, efficient, and effective manner.

Warranty information for the K-POE-4BAY PoE shelf is located online at:

www.enterasys.com/support/warranty.aspx

www.enterasys.com/company/literature/enterasys-lw-ds.pdf

Introduction

This chapter provides an overview of the K-POE-4BAY PoE shelf and its features.

Overview

The K-POE-4BAY PoE shelf provides four slots for K-Series AC power supplies. A fully loaded K-POE-4BAY PoE shelf can supply up to four K-Series chassis with additional PoE power. Each K-Series AC power supply installed in the K-POE-4BAY PoE shelf provides from 400 watts (at 120V) to 800 watts (at 240V) of PoE power to powered devices (PDs).

You must install the K-POE-4BAY PoE shelf in a restricted access location. The K-POE-4BAY PoE shelf can be installed as a freestanding unit or installed into a standard 48.26-centimeter (19-inch) rack.

Each K-Series AC power supply installed in the K-POE-4BAY PoE shelf connects to the PoE connector on the rear of a K-Series chassis. Use a K-POE-CBL-2M cable to connect a K-Series AC power supply installed in a K-POE-4BAY PoE shelf to a K-Series chassis.

Note: The K-Series AC power supplies and the K-POE-CBL-2M cables do not ship with the K-POE-4BAY PoE shelf.

You must purchase the K-Series AC power supplies and K-POE-CBL-2M cables separately.

You can connect one K-Series AC power supply to a K6 chassis. You can connect two K-Series AC power supplies to a K10 chassis.

Figure 1-1 shows the K-POE-4BAY shelf installed on top of a K10 chassis.

Figure 1-1 K-Series Chassis with K-POE-4BAY Shelf

Precautions

You must install a K-POE-4BAY PoE shelf in a restricted access location. Ensure that you have read and understood the installation and operation precautions before installing a K-POE-4BAY PoE shelf.

Warning: Install the Enterasys K-POE-4BAY PoE shelf in a Restricted Access Location only. Access to the equipment by users must be restricted through the use of a tool or lock and key or other means of security and is controlled by the authority responsible for the location.

Advertencia: Instalar el K-POE-4BAY en un lugar de Acceso Restringido. Acceso al equipo debe ser restringido mediante el uso de una herramienta o candado o cualquier otro método de seguridad y debe ser controlado por el responsable del lugar.

Warnhinweis: Installieren Sie das K-POE-4BAY nur in einer zugangsgeschützten Umgebung. Der Bereich zu den Komponenten sollte durch ein Schloß, einen Schlüssel oder sonstigen Sicherungen geschützt und durch einen Verantwortlichen kontrolliert werden.

Installing the PoE Shelf

Electrical Hazard: Only qualified personnel should perform installation procedures.

Riesgo Electrico: Solamente personal calificado debe realizar procedimientos de instalacion.

Elektrischer Gefahrenhinweis: Installationen sollten nur durch ausgebildetes und qualifiziertes Personal vorgenommen werden.

Note: Before installing the K-POE-4BAY PoE shelf, ensure that you read the installation precaution in “[Precautions](#)” on page 1-2.

For information about...	Refer to page...
Required Tools	2-1
Unpacking the PoE Shelf	2-1
Installing the PoE Shelf	2-2

Required Tools

- ESD wrist strap (included with the K-POE-4BAY PoE shelf)
- Phillips screwdriver

Unpacking the PoE Shelf

Unpack the PoE shelf as follows:

1. Open the box and remove the packing material protecting the PoE shelf.
Save the shipping box and materials in the event the unit must be reshipped.
2. Remove and set aside the anti-static wrist strap.
3. Verify the contents of the carton as listed in the [Table 2-1](#).

Table 2-1 Contents of the K-POE-4BAY PoE Shelf

Item
K-POE-4BAY PoE shelf
Anti-static wrist strap
Installation Guide

Note: The K-POE-4BAY-RAIL rail kit, for free standing or mid-mount installation of the K-POE-4BAY PoE shelf, is available for purchase separately.

4. Inspect the PoE shelf for any signs of physical damage.

If there are any signs of damage, DO NOT install the PoE shelf; instead, contact Enterasys Networks. Refer to [“Getting Help”](#) on page xiv for details.

Installing the PoE Shelf

The default method of installing the PoE shelf is directly on top of a K-Series chassis. See [Installing the PoE Shelf on Top of a K-Series Chassis](#)

If you purchase the K-POE-4BAY-RAIL rail kit, you can also install the PoE shelf by itself in a four-post or two-post rack.

- For information on installing the PoE shelf by itself in a four-post rack, see [“Installing the PoE Shelf on Top of a K-Series Chassis”](#) on page 2-2.
- For information on installing the PoE shelf by itself in a two-post rack, see [“Installing the PoE Shelf in a Two-post Rack”](#) on page 2-6.

Installing the PoE Shelf on Top of a K-Series Chassis

You must supply four rack screws to complete this installation.

To install the PoE shelf on top of a K-Series chassis:

1. (Optional) Loosen the back screws at each corner of the K-Series chassis if you want to secure the tabs at the back of the PoE shelf to the K-Series chassis. See [Figure 2-1](#).

Figure 2-1 Loosening the Screws on the K-Series Chassis

2. Slide the PoE shelf into the rack directly on top of the K-Series chassis. See [Figure 2-2](#).

Figure 2-2 Installing the PoE Shelf on Top of the K-Series Chassis

3. If you have loosened the back screws on the K-Series chassis, ensure that the tabs at the back of the PoE shelf slide onto the loosened screws. See [Figure 2-3](#).

Figure 2-3 Securing the Rear of the PoE Shelf

- Secure the front of the PoE shelf to the rack rails with two customer-supplied screws through each mounting ear.

You have completed the installation of the PoE shelf. You can now connect the PoE shelf to the K-Series chassis and install power supplies in the PoE shelf. See [Chapter 3, Installing a Power Supply](#).

Installing the PoE Shelf in a Four-post Rack

Using the long rails included with the K-POE-4BAY-RAIL rail kit, you can install the PoE shelf in a four-post rack.

Note: The K-POE-4BAY-RAIL rail kit, for free standing or mid-mount installation of the K-POE-4BAY PoE shelf, is available for purchase separately.

You must supply eight rack screws to complete this installation.

To install the PoE shelf in a four-post rack:

- Attach the long rails, included with the PoE shelf, to the sides of the PoE shelf as shown in [Figure 2-4](#).

Flat washers and pan head screws are included with the K-POE-4BAY-RAIL rail kit for attaching the rails to the shelf.

Figure 2-4 Attaching the Long Rails to the PoE Shelf

- Place the PoE shelf in the rack.

3. Attach the PoE shelf to the rack rails using eight customer-supplied rack screws (two screws for each mounting ear). See [Figure 2-5](#).

Figure 2-5 Securing the PoE Shelf in a Four-post Rack

You have completed the installation of the PoE shelf. You can now connect the PoE shelf to the K-Series chassis and install power supplies in the PoE shelf. See [Chapter 3, Installing a Power Supply](#).

Installing the PoE Shelf in a Two-post Rack

Using the short rails included with the K-POE-4BAY-RAIL rail kit, you can install the PoE shelf in two-post racks with 3-inch rails or 7-inch rails.

Note: The K-POE-4BAY-RAIL rail kit, for free standing or mid-mount installation of the K-POE-4BAY PoE shelf, is available for purchase separately.

Refer to the following procedures as appropriate:

- “[Front Mounting the PoE Shelf in a Two-post Rack \(3-inch Rails\)](#)” on page 2-6
- “[Mid-mounting the PoE Shelf in a Two-post Rack \(3-inch Rails\)](#)” on page 2-7
- “[Front Mounting the PoE Shelf in a Two-post Rack \(7-inch Rails\)](#)” on page 2-9

Front Mounting the PoE Shelf in a Two-post Rack (3-inch Rails)

You must supply eight rack screws to complete this installation.

To front mount the PoE shelf in a two-post rack with 3-inch rails:

1. Attach the short rails, included with the K-POE-4BAY-RAIL rail kit, to the sides of the PoE shelf as shown in [Figure 2-6](#).

Flat washers and pan head screws are included with the K-POE-4BAY-RAIL rail kit for attaching the rails to the shelf.

Figure 2-6 Attaching the Short Rails to the PoE Shelf for Front Mounting in a Two-post Rack (3-inch Rails)

2. Place the PoE shelf in the rack as shown in [Figure 2-7](#).

Figure 2-7 Front Mounting the PoE Shelf in a Two-post Rack (3-inch Rails)

3. Attach the PoE shelf to the rack rails using eight customer-supplied rack screws (two screws for each mounting ear). See [Figure 2-7](#).

You have completed the installation of the PoE shelf. You can now connect the PoE shelf to the K-Series chassis and install power supplies in the PoE shelf. See [Chapter 3, Installing a Power Supply](#).

Mid-mounting the PoE Shelf in a Two-post Rack (3-inch Rails)

You must supply four rack screws to complete this installation.

To mid-mount the PoE shelf in a two-post rack with 3-inch rails:

1. Attach the short rails, included with the K-POE-4BAY-RAIL rail kit, to the sides of the PoE shelf as shown in [Figure 2-8](#).

Flat washers and pan head screws are included with the K-POE-4BAY-RAIL rail kit for attaching the rails to the shelf.

Figure 2-8 Attaching the Short Rails to the PoE Shelf for Mid-mounting in a Two-post Rack (3-inch Rails)

2. Place the PoE shelf in the rack as shown in [Figure 2-9](#).

Figure 2-9 Mid-mounting the PoE Shelf in a Two-post Rack (3-inch Rails)

3. Attach the PoE shelf to the rack rails using four customer-supplied rack screws (two screws for each mounting ear). See [Figure 2-9](#).

You have completed the installation of the PoE shelf. You can now connect the PoE shelf to the K-Series chassis and install power supplies in the PoE shelf. See [Chapter 3, Installing a Power Supply](#).

Front Mounting the PoE Shelf in a Two-post Rack (7-inch Rails)

You must supply eight rack screws to complete this installation.

To front mount the PoE shelf in a two-post rack with 7-inch rails:

1. Attach the short rails, included with the K-POE-4BAY-RAIL rail kit, to the sides of the PoE shelf as shown in [Figure 2-10](#).

Flat washers and pan head screws are included with the K-POE-4BAY-RAIL rail kit for attaching the rails to the shelf.

Figure 2-10 Attaching the Short Rails to the PoE Shelf for Front Mounting in a Two-post Rack (7-inch Rails)

2. Place the PoE shelf in the rack as shown in [Figure 2-11](#).

Figure 2-11 Front Mounting the PoE Shelf in a Two-post Rack (7-inch Rails)

3. Attach the PoE shelf to the rack rails using eight customer-supplied rack screws (two screws for each mounting ear). See [Figure 2-11](#).

You have completed the installation of the PoE shelf. You can now connect the PoE shelf to the K-Series chassis and install power supplies in the PoE shelf. See [Chapter 3, Installing a Power Supply](#).

Installing a Power Supply

Electrical Hazard: Only qualified personnel should perform installation procedures.

Riesgo Electrico: Solamente personal calificado debe realizar procedimientos de instalacion.

Elektrischer Gefahrenhinweis: Installationen sollten nur durch ausgebildetes und qualifiziertes Personal vorgenommen werden.

This chapter provides instructions for installing and connecting power to the K-Series AC power supplies.

For more information about:	Refer to page...
Unpacking a K-Series AC Power Supply	3-1
Connecting the K-POE-4BAY PoE Shelf to a K-Series Chassis	3-2
Installing a K-Series AC Power Supply in the K-POE-4BAY PoE Shelf	3-3
Connecting a K-Series AC Power Supply to AC Power	3-5

Unpacking a K-Series AC Power Supply

The K-Series AC power supply is shipped separately from other K-Series hardware. To unpack a power supply:

1. Unpack the power supply by removing it from the shipping box and sliding the two foam end caps off the unit.

Save the shipping box and materials in the event the unit must be reshipped.

2. Verify the contents of the box using [Table 3-1](#) as appropriate.
3. Remove the power supply from its protective plastic bag.
4. Examine the power supply carefully, checking for damage.

If there are any signs of damage, DO NOT install the power supply; instead, contact Enterasys Networks. Refer to [“Getting Help”](#) on page xiv for details.

Documentation notice card	1

Connecting the K-POE-4BAY PoE Shelf to a K-Series Chassis

Use a K-POE-CBL-2M cable to connect a K-Series AC power supply installed in a K-POE-4BAY PoE shelf to a K-Series chassis.

Note: You must purchase the K-POE-CBL-2M cable separately. Ensure that you purchase and install one K-POE-CBL-2M cable for each power supply that you plan to install in the K-POE-4BAY PoE shelf.

You can connect up to two K-Series AC power supplies to a K10 chassis for PoE power. You can connect a single K-Series AC power supply to a K6 chassis for PoE power.

To connect a K-Series AC power supply to a K-Series chassis for PoE power:

1. Remove the cover from the recessed PoE connector at the rear of the K-Series chassis. See [Figure 3-1](#).

If you are connecting two power supplies to a K10 chassis, remove the covers from both PoE connectors.

Figure 3-1 Removing the Cover from the PoE Connector on a K-Series Chassis

2. Connect and secure one end of the cable to the connector for the K-POE-4BAY slot in which you will install a K-Series AC power supply. See [Figure 3-2](#).
Each connector at the rear of the K-POE-4BAY PoE shelf corresponds to slot in the front of the shelf.
3. Connect and secure the other end of the cable to the PoE connector on the K-Series chassis. See [Figure 3-2](#).

Figure 3-2 Connecting a K-Series AC Power Supply to a K-Series Chassis

4. Repeat steps 2 and 3 if connecting a second K-Series AC power supply to the K-Series chassis.

Installing a K-Series AC Power Supply in the K-POE-4BAY PoE Shelf

To install a K-Series AC power supply in the K-POE-4BAY PoE shelf:

1. Attach the anti-static wrist strap before handling the power supply. Hold the power supply by placing one hand on the handle located on the front panel and using the other hand to support the power supply.
2. Holding the power supply right side up, align the power supply with the bottom of the opening of the slot that is connected to the K-Series chassis with a K-POE-CBL-2M cable.
3. With the power supply properly inserted into the slot, carefully slide the supply forward until it is connected to the backplane. See [Figure 3-3](#).

The front panel should be flush with the face of the K-Series chassis. If significant resistance is encountered before the front panel is flush, remove and reinsert the power supply. Do not force the power supply into place.

Caution: Forcing a misaligned power supply into place can damage the power supply and/or the chassis backplane.

Precaución: Colocar de manera forzada una fuente de poder o no colocarla bien alineada podría dañarla y/o maltratar el panel posterior del chasis.

Figure 3-3 Installing a K-Series AC Power Supply in the K-POE-4BAY PoE Shelf

| 3 | Captive screw | | |
-

- Secure the power supply to the shelf by screwing the captive screws into the shelf.
- If you are installing more than one power supply, remove the coverplates from the applicable number of power supply slots, as shown in [Figure 3-4](#).

Keep the coverplates in the event you need to remove the power supplies.

Figure 3-4 Removing a Cover Plate from the K-POE-4BAY PoE Shelf

- 3 Coverplate screws

Connecting a K-Series AC Power Supply to AC Power

To power up the K-Series AC power supplies installed in the K-POE-4BAY PoE shelf:

Note: If multiple power supplies are installed, repeat the following procedure for each supply. For redundancy using multiple K-Series AC power supplies, each of the power cords from the power supplies must be connected to dedicated 15 A AC power circuits.

1. Plug one end of each power cord (supplied with the power supply) into the AC power socket on the front panel of the power supplies.
2. Plug each of the power cords into separate dedicated 15 A/120 Vac receptacles.
3. Ensure that the LEDs on each power supply are green.

If you experience any problems with this installation, contact Enterasys Networks for assistance.

Specifications and Regulatory Compliance

This appendix provides operating specifications for the K-POE-4BAY PoE shelf and the K-Series AC power supplies. Enterasys Networks reserves the right to change the specifications at any time without notice.

For specifications for the K-Series multi-slot chassis, refer to the *Enterasys K-Series Chassis Hardware Installation Guide* for your chassis.

For MTBF information, refer to the following Enterasys Networks support Web site:

<http://secure.enterasys.com/support/mtbf/>

K-POE-4BAY Shelf Specifications

Table A-1 K-POE-4BAY Shelf Specifications

Item	Specification
Dimensions	4.52 cm x 44.70 cm x 33.23 cm (1.78 in x 17.60 in x 13.09in)
Weight	3.26kg (7.2 lb)
Environmental Requirements	
Operating Temperature	5°C to 45°C (41°F to 113°F)
Storage Temperature	-30°C to 73°C (-22°F to 164°F)
Operating Relative Humidity	5% to 90% (non-condensing)
