

Virtual Services Platform 4000

Release 4.1
NN46251-106
Issue 06.01
January 2015

Locating the latest software and product release notes

This document ships with Virtual Services Platform 4000 components. Avaya recommends that you check the Avaya Support Web site for the latest Virtual Services Platform 4000 software release.

Avaya also recommends that you read the following documents before you install and configure Avaya Virtual Services Platform 4000:

- *Avaya Virtual Services Platform 4000 Series Documentation Roadmap* (NN46251-100)—contains an overview of the Avaya Virtual Services Platform 4000 documentation suite. Read this document to find the correct document that describes the task you need to perform.
- *Avaya Virtual Services Platform 4000 Series Quick Start* (NN46251-102)—provides instructions to perform initial provisioning and basic configuration of the Avaya Virtual Services Platform 4000 software.
- *Avaya Virtual Services Platform 4000 Series Release Notes* (NN46251-401)—includes a list of known issues, including workarounds if appropriate, and a list of fixed issues. It also contains information to upgrade the Avaya Virtual Services Platform 4000 Series.

For the current documentation, software, copyright, and open source information, see the Avaya Support Web site: www.avaya.com/support

The Open Source license text for the VSP 4000 is included on the VSP 4000 product and is accessible via the Command Line Interface by typing the following: `more /intflash/release/4.1.0.0.GA/release/oss-notice.txt`.
