[Resolved Issues](#) on page 5  
[Known Issues](#) on page 6  
[Documentation](#) on page 6  
[Help and Support](#) on page 6

## Resolved Issues

---

The following table displays resolved issues with this release of Tunnel Concentrator.

**Table 1: Resolved Issues**

JIRA	Description
IQVPN-243	Tunnel Concentrator in UCP 1130C - Incorrect num-rx-queues Configuration
IQVPN-246	VPP's L2FIB (Forwarding Database) Behavior with Switch Replication Issue
IQVPN-283	Tunnel Concentrator (UCP 1130C with LAG) Some clients unable to get DHCP address, and those who do, do not have network connectivity

### Note

Tunnel Concentrator v25.02 has a dependency on Universal Compute Platform v5.10.01. You must be running Universal Compute Platform v5.10.01 for the resolved issues in the preceding table to be resolved.

## Known Issues

The following table displays known issues with this release of Tunnel Concentrator.

**Table 2: Known Issues**

Issue	Description
IQVPN-206	When untagged VLAN is used as a listening interface with VRRP, the listening interface becomes un-responsive after 30-45 minutes.
IQVPN-210	Tunnel Concentrator drops packets at ~ 50s intervals while the Tunnel Concentrator dashboard is accessed or viewed
IQVPN-216	HA/VRRP- Sporadic packet loss when only Tunnel port fails on primary TC

## Documentation

Refer to the following documents for information on how to install, configure, and maintain the Tunnel Concentrator application:

### Tunnel Concentrator Documents

- [ExtremeCloud Tunnel Concentrator Deployment Guide](#)—Contains information on how to install, configure, and maintain Tunnel Concentrator on Universal Compute Platform.

### Related Extreme Networks Documents

- [ExtremeCloud Edge - Self-Orchestration Deployment Guide for Universal Compute Platform](#)—An ExtremeCloud Edge -Self-Orchestration deployment on Universal Compute Platform is a mandatory prerequisite for installing the Tunnel Concentrator application. Refer to this guide for deployment information.
- [ExtremeCloud IQ Controller User Guide](#)—If you are deploying ExtremeCloud IQ Controller as the management application for Tunnel Concentrator, refer to this guide for ExtremeCloud IQ Controller information.
- [ExtremeCloud IQ User Guide](#)—If you are deploying ExtremeCloud IQ as the management application for Tunnel Concentrator, refer to this guide for ExtremeCloud IQ information.

## Help and Support

If you require assistance, contact Extreme Networks using one of the following methods:

### Extreme Portal

Search the GTAC (Global Technical Assistance Center) knowledge base; manage support cases and service contracts; download software; and obtain product licensing, training, and certifications.

### The Hub

A forum for Extreme Networks customers to connect with one another, answer questions, and share ideas and feedback. This community is monitored by Extreme Networks employees, but is not intended to replace specific guidance from GTAC.

### Call GTAC

For immediate support: (800) 998 2408 (toll-free in U.S. and Canada) or 1 (408) 579 2800. For the support phone number in your country, visit [www.extremenetworks.com/support/contact](http://www.extremenetworks.com/support/contact).

Before contacting Extreme Networks for technical support, have the following information ready:

- Your Extreme Networks service contract number, or serial numbers for all involved Extreme Networks products
- A description of the failure
- A description of any actions already taken to resolve the problem
- A description of your network environment (such as layout, cable type, other relevant environmental information)
- Network load at the time of trouble (if known)
- The device history (for example, if you have returned the device before, or if this is a recurring problem)
- Any related RMA (Return Material Authorization) numbers

## Subscribe to Product Announcements

You can subscribe to email notifications for product and software release announcements, Field Notices, and Vulnerability Notices.

1. Go to [The Hub](#).
2. In the list of categories, expand the **Product Announcements** list.
3. Select a product for which you would like to receive notifications.
4. Select **Subscribe**.
5. To select additional products, return to the **Product Announcements** list and repeat steps 3 and 4.

You can modify your product selections or unsubscribe at any time.
