

Enterprise Policy Manager

Software Release 5.1.3.1

Release Notes

1. Release Summary

Release Date: 05-October-2011

Purpose: Software patch release for EPM and COM co-residency and bug fixes.

2. Important Notes Before Upgrading to This Release

EPM 5.1.3.1 is a patch release and can only be installed on top of an existing installation of EPM 5.1.3.

3. New in EPM 5.1.3.1

Summary of new features in EPM 5.1.3.1 are:

- EPM is now supported to be co-resident with COM 2.3 on the same physical server or VM.
- A bug was reported in EPM release 5.1.3 which states that if more than one Traffic Condition is associated with a single policy, only the first Traffic Condition gets deployed on the device. This bug is resolved in EPM 5.1.3.1. Multiple Traffic Conditions can be associated with a policy and be deployed on the device.

4. Supported Operating Systems

The following table lists the operating systems supported by EPM 5.1.3.1.

Operating system	Version
Windows 2003 32bit or 64bit	Standard or enterprise SP2
Windows 2008 32bit	Standard
Windows 2008 64bit	2008 R2
Linux	RHEL 5.2

Support for VMware environments on Windows and Linux Operating systems and HyperV on Windows Operating System continues from earlier release.

5. Supported Browsers

The following table lists the web browsers supported by EPM 5.1.3.1.

Browser	Version
Microsoft Internet Explorer	7.0
Mozilla Firefox	3.5, 3.6

6. Version of Previous Release

Software Version 5.1.3 was the immediate previous version released

7. Compatibility

This software release is compatible with:

- VPFM 2.3 and can co-reside on the same physical server or VM
- COM 2.3 and can co-reside on the same physical server or VM
- IPFM 2.0.1 and will run on separate servers or VM
- Avaya CS 1000 version 7.5, where CS 1000 is the primary server.

In the solutions environment with primary, backup and member servers, the operating system on all the servers must be the same. The solutions environment cannot have a mix of Avaya and Nortel branded software.

8. Solutions Documentation

For other UCM Solutions documents please refer to the COM, VPFM and IPFM product release notes and technical documentation available from the Avaya Technical Support web site at: <http://www.avaya.com/support> .
