Release Notes

These release notes provide the latest information regarding your Alteon Switched Firewall, version 1.0 and higher. This supplement modifies information found in the complete documentation. Please keep this information with your Nortel Networks product manuals.

Documentation on CD-ROM

The *Alteon Switched Firewall Installation and User's Guide* (part number 212535, Revision A) is supplied on a CD-ROM included with this product. The manual is a PDF file which can be read and printed using the free Acrobat Reader software available from Adobe Systems Incorporated (<http://www.adobe.com>).

To access the manual, open the “212535a.pdf” file on the *Alteon Switched Firewall Documentation* CD-ROM. When the manual opens, you can navigate through the book by selecting the pre-defined bookmarks on the right side of the window, and by scrolling through the pages.

NOTE – To obtain a manual in hardcopy format, contact your Nortel Networks sales representative and order part number 212535.

Late-Breaking News and Support

Check the Nortel Networks Web site for the product information.

Web access: <http://www.nortelnetworks.com>

This Web site includes software updates, release notes, and white papers. The Web site also includes access to Nortel Networks customer support for accounts under warranty or that are covered by a maintenance contract.

Additional Features

Browser-Based Interface Proxy ARP Form

A new form has been added to the Browser-Based Interface (BBI). The Proxy ARP form, located under the Network tab, is used to configure IP addresses that the cluster should respond to on behalf of Network Address Translation (NAT) features configured in the Check Point FireWall-1 NG software.

More information on this form can be found by clicking on the global help button in the BBI.
