Alteon Switched Firewall 2.0.3 Release Notes

Copyright © 2002 Nortel Networks, Inc., 4655 Great America Parkway, Santa Clara, California, 95054, USA. All rights reserved. Part Number: 213028-E.

This document is protected by copyright and distributed under licenses restricting its use, copying, distribution, and decompilation. No part of this document may be reproduced in any form by any means without prior written authorization of Nortel Networks, Inc. Documentation is provided “as is” without warranty of any kind, either express or implied, including any kind of implied or express warranty of non-infringement or the implied warranties of merchantability or fitness for a particular purpose.

U.S. Government End Users: This document is provided with a “commercial item” as defined by FAR 2.101 (Oct. 1995) and contains “commercial technical data” and “commercial software documentation” as those terms are used in FAR 12.211-12.212 (Oct. 1995). Government End Users are authorized to use this documentation only in accordance with those rights and restrictions set forth herein, consistent with FAR 12.211- 12.212 (Oct. 1995), DFARS 227.7202 (JUN 1995) and DFARS 252.227-7015 (Nov. 1995).

Nortel Networks, Inc. reserves the right to change any products described herein at any time, and without notice. Nortel Networks, Inc. assumes no responsibility or liability arising from the use of products described herein, except as expressly agreed to in writing by Nortel Networks, Inc. The use and purchase of this product does not convey a license under any patent rights, trademark rights, or any other intellectual property rights of Nortel Networks, Inc.

Alteon, Alteon WebSystems, Alteon Switched Firewall, ASF 5308, ASF 5408, ASF 5610, ASF 5710, ASF 5722, Firewall OS, Firewall Director, ASF 5008, ASF 5010, ASF 5022, Accelerator OS, Firewall Accelerator, ASF 5300, ASF 5400, ASF 5600, and ASF 5700 are trademarks of Nortel Networks, Inc. in the United States and certain other countries. FireWall-1 NG is a registered trademark of Check Point Software Technologies. Any other trademarks appearing in this manual are owned by their respective companies.

Originated in the USA.

Release Notes

These release notes provide the latest information regarding your Alteon Switched Firewall, version 2.0.3 and higher. This supplement modifies information found in the complete documentation. Please keep this information with your Nortel Networks product manuals.

Documentation on CD-ROM

The *Alteon Switched Firewall Installation and User's Guide* (part number 212535-C) is supplied on a CD-ROM included with this product. The manual is a PDF file which can be read and printed using the free Acrobat Reader software available from Adobe Systems Incorporated (<http://www.adobe.com>).

To access the manual, open the “212535-C .pdf” file on the *Alteon Switched Firewall Documentation* CD-ROM. When the manual opens, you can navigate through the book by selecting the pre-defined bookmarks on the right side of the window, and by scrolling through the pages.

NOTE – To obtain a manual in hardcopy format, contact your Nortel Networks sales representative and order part number 212535.

Late-Breaking News

Please check your software and documentation CD-ROMs for any readme.txt file. The readme file may contain important information regarding the product. View the file in any standard text editor.

Changes Since Release 2.0

Firewall Director Hardware Change

The Firewall Director hardware has been changed for all models. Although the updated manual reflects the new hardware characteristics, the software information still applies to all Firewall Director models you may currently use.

Supports Check Point Hotfix 1 for Feature Pack-2

ASF software release 2.0.3 fully supports Check Point FireWall-1 NG Hotfix 1 for Feature Pack-2. Hotfix 1 includes the following enhancements:

- Open SSL vulnerabilities have been closed
- Better handles port ranges when using the NAT Hide feature
- More accurate time-out duration for inactive SSH and Telnet sessions

To activate Hotfix 1 on the ASF with software release 2.0.3, use the following command:

```
>> # /cfg/fw/software/fp2hf
```

See the Check Point Web site (www.checkpoint.com) for more information regarding Hotfix 1 for Feature Pack-2.

Parameter Increases

- VLANs: increased to 252 (from 242)
