New Features in This Release

None

Old Features Removed From This Release

None

Problems Resolved in this Release

Nortel VPN Tunnel Guard sustaining release Version 3.0.1.0_007 resolves the following issues:

Q01731188 –

The custom install option for the 3.01.0 Nortel TunnelGuard Agent returns errors indicating missing files.

Q01369354 –

With the NVR TG configuration set to leave a session in Restricted Mode, the Tunnel Guard client will only alert a failure with Restricted Mode on an initial log in when the client fails an SRS check. In subsequent NVC login attempts, no Tunnelguard popups occur and the Tunnelguard icon indicates Compliant.

8. Outstanding Issues

None

9. Known Limitations

None

10. Documentation Corrections

None
