

End of Sale Notice - Regional

Notification Date: 19-Sep-2014

Effective Date: 8-Dec-2014

Subject: Regional End of Sale –3641/3645/6120/6140 WLAN Handsets

Theatre/Region: EMEA, APAC, CALA

Revision History

Revision Date	Reason for change
19-September-2014	First release
22-October-214	Updated.

Summary

This document provides End of Sale notification for the Avaya 3641/3645/6120/6140 WLAN Handsets. Effective **8-Dec-2014**, Avaya will no longer sell (make commercially available) the material codes listed in the table below in the EMEA, APAC, and CALA regions. **The material codes will continue to be available in the U.S.A and Canada.** This restriction in sales is necessitated by changes in WLAN regulatory requirements which come into effect on 1 January 2015 and cannot be satisfied by these WLAN Handsets.

Since this End of Sale does not affect all countries, an ASL (Authorized Ship List) mechanism will be used. Avaya will no longer accept orders from EMEA/APAC/CALA countries as of 8 December 2014. The affected products will be removed from Avaya configuration tools on the same date.

Accessories (batteries, chargers, power supplies, clips, holsters, AVP/OAI/2245/2246 servers) continue to be offered for sale to all countries in all countries.

Discontinued Order Codes – EMEA / APAC / CALA

Discontinued Codes:

Material Code	Description
700430408	AVAYA WIRELESS 3641 WIRELESS PHONE
700430416	AVAYA WIRELESS 3645 WIRELESS PHONE
NTTQ4020E6	Avaya WLAN Handset - 6120 Handset
NTTQ4021E6	Avaya WLAN Handset - 6140 Handset

Migration Strategy

For IP Office™ or Avaya Aura® Communication Manager systems

Customers can consider using 3700-Series DECT Wireless handsets (<http://www.avaya.com/usa/product/3700-series-dect-handsets>). Channel partners can find additional information at <https://sales.avaya.com/en/pss/3700-series-dect-wireless>.

Customers can also consider using Avaya Communicator for Android or Avaya Communicator for iPad. Refer to <http://www.avaya.com/usa/product/avaya-communicator>. Channel partners can find additional information at <https://sales.avaya.com/en/pss/avaya-communicator>.

Solutions from DevConnect partners:

Customers can consider using SIP-based WLAN handsets which have undergone Avaya compatibility testing (http://www.devconnectprogram.com/site/global/compliance_testing/application_notes/index.jsp.)

The following solutions are available from DevConnect Marketplace featured partners:

- Spectralink 84-Series (<https://www.devconnectmarketplace.com/spectralink>)
- Spectralink 87-Series (<https://www.devconnectmarketplace.com/spectralink>)
- Ascom i62 (<https://www.devconnectmarketplace.com/ascom/ascom-vowifi>)

The following solutions are available through the Avaya Select Product Program:

- Spectralink 84-Series (<https://www.devconnectmarketplace.com/spectralink>)
- Spectralink 87-Series (<https://www.devconnectmarketplace.com/spectralink>)

Customers should consult with their Avaya Account Manager or Authorized Channel Partner to determine the best approach to be used.

Schedule

ASL Restriction in place (i.e. last date that Avaya will accept an order)	8-Dec-2014
Order codes removed from configuration tools.	8-Dec-2014
